

CHABOT-LAS POSITAS COMMUNITY COLLGE DISTRICT

September 20, 2011

Agenda Item: 4.2

Subject: Approval of Memorandum of Agreement for Educational and Case Management Services with the Tri-Valley Community Foundation, Las Positas College

Background: The Tri-Valley Community Foundation (TVCF) has offered Las Positas College a Memorandum of Agreement (MOA) to provide educational and case management services to 18 at-risk youths between 18 and 21 years of age. This grant was previously used to support the College Foundations Semester. The grant is now being redirected to provide an introduction to Career and Technical Education Pathways and support for at-risk youth. The program will include bi-monthly meetings to help students explore CTE options and provide support services such as learning assessments, counseling support, learning cohorts, books/supplies support, career testing and case management to support student success.

TVCF will provide funding amounting to \$57,000 for Las Positas College “to provide Career and Technical Education opportunities in a learning cohort model” for the service period of July 1, 2011 through June 30, 2012.

Recommended Action: That the Board of Trustees approves the proposed Tri-Valley Community Foundation (TVCF) Memorandum of Agreement to fund \$57,000 to Las Positas College to provide educational and case management services for at-risk youths aged 18-21 years of age for the service period of July 1, 2011 through June 30, 2012. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the Memorandum of Agreement documents on behalf of the District.

Approved: Joel L. Kinnamon/Date
