ADMINISTRATION OF OATH OF OFFICE

Chancellor Kinnamon administered the Oath of Office to Student Trustees Takeo Hiraki, Las Positas College; and Nkechi Okpara, Chabot College.

Board President Mertes welcomed the Student Trustees; after which they introduced themselves.

PUBLIC COMMENTS

Ms. Diane Zuliani, Chair, Chabot College Public Art Committee, expressed appreciation to the Board for approving the art projects and contracts. She reported that the artists immediately went to work. Two artists have achieved their second benchmark and are 2/3 complete with fabrication. One artist has achieved the first benchmark and is 1/3 complete with fabrication. She noted that all fabricating is done off campus, and it would appear that nothing is happening. She reported that one artist will be ready to install as early as October 15, however, nothing can be installed until applications are approved by the Division of State Architects (DSA). She

reported that she will keep the Board apprised. She thanked the Board for its on-going commitment to public art, even in the face of so many challenges.

Mr. Larry Beal, Chabot College Faculty Emeritus, spoke to the Board regarding his concern that the website “ChabotCollege.com”, over which the District reached settlement with him, is now owned by someone other than Chabot College. He also expressed concern regarding the amount of funds the District spent on legal fees at that time with this issue and continues to spend.

Mr. Zack Papachristos, Chabot College Faculty, spoke to the Board regarding his concern for the leadership in the District. He cited that there are too many unnecessary Administrative positions; and he would like to see that the Administrative salaries are made available to the public. He also questioned the leadership of the Board and recommended that there be a two-term limit for Board Members.

GOOD OF THE ORDER

In response to individuals deferring their 3 minutes for comment to Mr. Papachristos, Trustee Gelles noted that Roberts Rules of Order does not allow an extension of time to another, however, this Board has in the past granted this practice as a common courtesy.

Trustee Vecchiarelli noted that with the evolution of electronic mail, there have been many new rules with regard to the Brown Act. He suggested that the District secure a video which the Alameda County Counsel has developed for Channel 30, and present it at a future Board Workshop.

Trustee Mitzman requested that agenda item 4.2 (Approval of Memorandum of Agreement for Educational and Case Management Services with the Tri-Valley Community Foundation, Las Positas College) be pulled from the consent calendar. PUBLIC HEARING: 2011-12 BUDGETS – GENERAL FUND, CAFETERIA FUND, CHILD DEVELOPMENT FUND, CAPITAL PROJECTS FUND, SELF-INSURANCE (RUMBL) FUND AND MEASURE B FUND

Mr. Legaspi opened the Public Hearing on the 2011-12 Budgets at 7:22 p.m. and responded to questions from the audience.

Ms. Yvonne Wu-Craig raised the question regarding supplemental information in the Adoption Budget. Mr. Legaspi reported that because of the challenges we have had with the Budget, i.e. the information from the State not coming on a timely basis, as well as the protracted negotiations, there was not sufficient time to produce the supplemental information as has been done in the past. He reported that once all the information is available, the District will provide a supplemental budget.

Mr. Mark Smythe questioned the line item identified as “Services.” Mr. Legaspi reported that the line item identified as “Services” includes supplies, equipment, and capital outlay because there was no opportunity to allocate the funds. He reported that once everything is settled, those funds will be allocated to the departments.

Hearing no further comments, Mr. Legaspi closed the Public Hearing at 7:25 p.m.

PRESENTATION: 2011-12 BUDGETS – GENERAL FUND, CAFETERIA FUND, CHILD DEVELOPMENT FUND, CAPITAL PROJECTS FUND, SELF-INSURANCE (RUMBL) FUND AND MEASURE B FUND

Mr. Legaspi presented a PowerPoint Presentation on the 2011-12 Adoption Budget covering the following areas:

- Budget Requirement/Public Hearing
- State Budget Act (closed a deficit of \$26.2 billion for the 18 months ending June 30, 2012)
 - \$11.1 billion in expenditure reductions
 - \$11.8 billion in baseline revenue adjustments
 - \$2.9 billion in borrowing, shifts, and fund transfers
 - \$1.0 billion in new revenue changes
 - \$0.5 billion in local realignment revenue impacts
- Impact on California Community Colleges
 - \$400 million base reduction (workload reduction)
 - Increase in student fees of \$10 per unit (from \$26/unit to \$36 unit)
 - 0% COLA (statutory COLA is 1.67%)
 - Apportionment deferrals continue with a new deferral of \$129 million from Spring 2012 to October 2012
 - Extend categorical flexibility through 2014-15
 - No funding provided for either growth or COLA
 - No restoration of the categorical program reductions that were enacted in the 2009 Budget Act
 - Additional \$4 billion in revenue with contingency language (triggers)
- Trigger Language
- Impact on Chabot-Las Positas Community College District

- Structural Deficit (\$12,623,960)
- Identified Solutions to Structural Deficit (\$9,265,148)
- Outstanding Deficit (\$3,358,960)
- District Reserve for Economic Uncertainties

Mr. Legaspi reported that the July and August tax collections were below the projections; therefore, it is unlikely there will be additional revenue.

Mr. Legaspi explained the Trigger Language which allows “trigger” cuts, in three tiers, to take effect if the \$4 billion revenue estimates are not met, resulting in mid-year cuts. He reported that the District is planning for Tier 2, or that less than \$2 billion will materialize. In this scenario, over \$1.8 billion in cuts could be meted out to K-14. Under the Tier 2 scenario, the Budget Act reduces the District’s General Apportionment by \$5,922,000. He reported that the Community College League of California has advised districts to increase the apportionment reduction by a factor of 1.07751938, bringing the reduction from \$5,922,000 to \$6,381,070.

Mr. Legaspi reported that the District’s budget deficit is projected at \$12,623,960 as follows:

- | | |
|----------------------------------|------------------------|
| • Apportionment reduction | \$ (6,381,070) |
| • Mandatory Obligations | \$ (3,348,257) |
| • Essential/critical needs (net) | <u>\$ (2,894,633)</u> |
| ○ Projected budget deficit | \$(12,623,960) |

Mr. Legaspi reviewed the General Fund (Unrestricted) as follows:

- | | |
|--|--------------|
| • Total Revenues | \$89,251,483 |
| • Total Expenditures | \$92,814,692 |
| • Decrease in Fund Balance | \$ 3,563,209 |
| • Beginning Balance | \$ 5,682,032 |
| • Ending Balance | \$ 2,118,823 |
| • Required 5% Reserve | \$ 4,608,664 |
| • Shortfall to Meet Minimum 5% Reserve | \$ 2,489,841 |

Mr. Legaspi reported that the District’s Unrestricted General Fund Ending Balance is \$2,118,823. However, for fiscal year 2011-12, the minimum reserve requirement is \$4,608,664. He reported that the District intends to make up the difference with internal borrowing from the Retiree Benefit (RUMBL) Fund of \$2,489,841. He reported that this amount will need to be paid back from concessions and budget cuts.

Mr. Legaspi presented a slide which calculates the Total Amount of the Deficit at \$8,968,543 in 2012-13. He highlighted that the District's mandatory obligations will continue to rise with increases in automatic step and column salary increases, longevity, and professional development; medical insurance; dental, vision, life; workers' compensation; RUMBL; property and liability insurance; student and athletic insurance; and utilities. Mr. Legaspi stressed that 89% of the District's unrestricted expenditures is for salaries and benefits, which he reviewed.

Mr. Legaspi also reviewed the District's other funds – Cafeteria Fund, Child Development Fund, Self-Insurance Fund (RUMBL), Measure B Fund, Capital Outlay Projects Fund, and Property Sale Fund.

Mr. Legaspi reviewed the District's Pay-as-you-Go liability for Retiree Benefits for 2011-12 at \$4,354,935; and projects that by 2018-19, the liability will be at \$7,155,199. He reported that the District's unfunded liability for retiree benefits in 2011-12 is \$138,649,163.

In closing, Mr. Legaspi stressed that the District has a structural deficit, has less than 5% reserve for economic uncertainties, health and welfare costs continue to increase, mid-year cuts are expected, and multi-year projection shows negative ending balance. He stressed that the District must act now.

Trustee Gelles commented that this is a very friendly budget and expressed appreciation to Mr. Legaspi. He expressed that he is a zero based budget person and he doesn't like this budget. He expressed concern that if the District takes from the RUMBL Fund, it is taking from a fund that doesn't have enough as it is. He expressed that he cannot support something for which he cannot see a way out. He expressed that we have an obligation to employees, and we are already asking them to do more with less. Trustee Gelles expressed that he understands that there is no choice with the 5% reserve. He cautioned that the District needs to come back quick with a solution to pay back the RUMBL Fund.

Mr. Legaspi explained that part of the thinking is that we have a lot of work to do as a District; and submitting this budget just gets the State off our backs. If we do not pass a budget, the State will be looking over our shoulders and interfering in the important work we need to be doing.

Trustee Vecchiarelli expressed that the budget situation is a result of Proposition 13 and the fact that the state has not done its job supporting schools and principalities. He expressed that we need to get this word out to the public. In addition, benefits are a problem each year and suggested that the District needs to go out to bid for all insurance in order to get competitive rates. Finally, he expressed that the liability from benefits has a large increase, and questioned how much is due to SERPs.

Mr. Legaspi explained that that this is an unfunded liability, which the District has not made attempts to fund. The District would have got to \$138 million two years earlier because those taking the SERP would have retired anyway. He indicated that the liability is not all from the SERP. He indicated that the cost of benefits is the major contributor to the liability. He also indicated that a contributor is that people are living longer, which drives the liability up.

Trustee Mitzman questioned the impact on California Community Colleges of extending categorical flexibility. Mr. Legaspi reported that in previous years the State gave funds for each categorical program (i.e. EOPS, DSPS) and it had to be spent for that program. Now they are giving flexibility to spend the monies in other programs, depending on a District's needs. The Board adopted a resolution to allow this District to implement that flexibility; however, the Colleges have not shifted any funds to date.

Trustee Mitzman expressed concern that the District will get into trouble adopting this budget if the money doesn't materialize. However, he does not believe there are other options. He questioned what the District will do if funds aren't there, and questioned if the Colleges will need to eliminate programs.

Mr. Legaspi reported that the District is currently in the middle of negotiations and is looking for concessions; which will produce a dollar figure if successful. Whatever that number is, it will help address the structural deficit. If it is not enough, we will need to go back to the drawing board to explore other options. He cautioned that we are running out of options.

Trustee Gin expressed that the budget is not a "pretty picture", and expressed that it is not any of our faults. He expressed that Mr. Legaspi has always served the District well as Chief Financial Officer and has been very conservative and visionary. He expressed that he understands Trustee Gelles' position; however, Mr. Legaspi's proposal is perhaps not the best, but may be the only choice we have at this point.

Trustee Dvorsky expressed that it is very discouraging budget. She expressed that she is worried about what will happen to students with an additional \$10 unit fee. She expressed that the Board has the interest of students and staff at heart.

Mr. Correa questioned if the Budget includes the amount of money the District has spent on lawyers and consultants. In response, Mr. Legaspi reported that that was discussed at DBSG and he will provide the information to Mr. Correa.

Ms. Kelley questioned how the \$138 million in unfunded liability relates to the SERP savings.

Mr. Legaspi explained the SERP, an incentive for employees to retire early. He explained that the relief is from filling positions with employees at an entry level salary. He explained that the \$138 million is projecting what the liability will be for life of all retirees, not just the SERP retirees. He reported that the savings from the SERP is \$3 million, assuming the District does not backfill the positions.

In response to a question raised by Trustee Vecchiarelli, Mr. Legaspi reported that the RUMBL fund is unrestricted. He explained that there are funds that can be set up that are restricted – “irrevocable.” Mr. Legaspi reported that the RUMBL concept was to build this fund to address unfunded liability. He reported that the District has done a good job putting monies away for this fund; however the last few years have been financially difficult.

In response to a question raised by Ms. Wu-Craig, Mr. Legaspi reported that interest earnings generated by Measure B funds will be reduced as the principal is reduced. He reported that the interest accumulated would be included in the ending balance. He reported that solar project expenditures have been coming out of interest earnings.

Motion No. 2

Trustee Dvorsky made a motion, seconded by Trustee Mitzman, to adopt the proposed 2011-12 Budgets for the General Fund, Cafeteria Fund, Child Development Fund, Capital Projects Fund, Self-Insurance (RUMBL) Fund and Measure B Fund, and authorize the Vice Chancellor, Business Services, to file same with the County Superintendent of Schools and California Community College Chancellor’s Office as required by law.
