5614 Prerequisites/Corequisites

The Chabot-Las Positas Community College District adopts the following policy in order to provide for the establishing, reviewing, and challenging of prerequisites, corequisites, advisories on recommended preparation, and certain limitations on enrollment in a manner consistent with law and good practices. The Governing Board recognizes that, if these prerequisites, corequisites, advisories and limitations are established unnecessarily or inappropriately, they constitute unjustifiable obstacles to student access and success and, therefore, the Board adopts this policy which calls for caution and careful scrutiny in establishing them. Nonetheless, the Board also recognizes that it is as important to have prerequisites in place where they are a vital factor in maintaining academic standards as it is to avoid establishing prerequisites where they are not needed. For these reasons, the Board also sought to establish a policy that fosters the appropriate balance between these two concerns.

1. College Policies and Procedures

Each College shall provide the following explanations both in the College Catalog and in the schedule of classes:

- a. Definitions of prerequisites, corequisites, and limitations on enrollment including the specific differences among them and the specific prerequisites, corequisites and limitations on enrollment which have been established pursuant to Sections 55000, 55002 and 55003 of Title 5.
- b. Procedures for a student to challenge prerequisites, corequisites, and limitations on enrollment and circumstances under which a student is encouraged to make such a challenge.
- c. Definitions of advisories of recommended preparation, the right of a student to choose to take a course without meeting the advisory, and circumstances under which a student is encouraged to examine that right.

2. Challenge Process

Each College shall establish procedures by which any student who does not meet a prerequisite or corequisite or who is not permitted to enroll due to a limitation on enrollment, but who provides satisfactory evidence, may seek entry into the class according to a challenge process as required in and according to provisions of Section 55003 (p-q) of Title 5 and Section 1.B.3 of the Model District Policy.

- d. Provide for a review of each limitation on enrollment at least every six years pursuant to Section II.C. of the Model District Policy.
- e. The committee shall, in accordance with Title V, Section 55003 (b) (e) establish a process to ensure that each section of the prerequisite or corequisite is to be taught by a qualified instructor and in accordance with a set of objectives and with other specifications defined in the course outline of record, as required in Section 55002 for all courses.

4. Implementing Prerequisites, Corequisites, and Limitations on Enrollment

Each College shall establish procedures wherein every attempt shall be made to enforce all conditions a student must meet to be enrolled through the registration process. A student is not permitted to enroll unless he or she has met all the conditions, or has met all except those for which he or she has a pending challenge, or for which further information is needed before final determination is possible of whether the student has met the condition pursuant to Section (g) 55003 of Title 5 and Section I.E. of the Model District Policy.
