

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

July 17, 2012

Agenda Item: 5.8

Subject: Approval of Agreement – Pharmaca Integrative Pharmacy for the Pharmacy Technology Program, Las Positas College

Background: Las Positas College conducts an academic and experiential learning program in Pharmacy Technology. One of the requirements of the program is for students to gain experience outside the standard classroom setting.

Pharmaca Integrative Pharmacy Inc., founded in June 2000 and based in Boulder, CO, is the nation’s first integrative pharmacy chain offering traditional prescription filling services alongside natural and complementary health solutions. The firm would like to provide students in the Pharmacy Technology Program at Las Positas College the opportunity to gain practical experience at their Alameda and San Francisco locations. Pharmaca Integrative Pharmacy has the necessary facilities, equipment, and personnel for students to obtain hands-on training and experience in a pharmacy as part of the requirements leading to a Pharmacy Technician Degree. At no cost to the Chabot-Las Positas Community College District, Pharmaca Integrative Pharmacy will assist in orienting the students and providing them with a thorough understanding of the practice field.

Recommended Action: That the Board of Trustees approves the proposed agreement with Pharmaca Integrative Pharmacy for the Pharmacy Technology Program, beginning July 17, 2012, Las Positas College. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the agreement on behalf of the District.
