Hazard Communication	Per enrollment	-	$3.50	Due upon course enrollment

This Order Form and the use of the Service(s) ordered shall be governed in all cases by the Participation Agreement (the "**Agreement**") between **Chabot College** and HealthStream, Inc. dated August 18, 2009. This Order Form shall constitute an amendment to the Agreement and shall be incorporated into the terms of the Agreement and be binding on the parties. Any additional terms and conditions specific to the Service(s) shall be attached to this Order Form. The number of active users in the HLC and courseware subscriptions may be assessed on the first day of each calendar quarter, and additional users beyond the quantity in the Master Services Agreement (MSA) and/or any Order Form(s) shall be added to such MSA and Order Form(s) and subject to billing at the point assessed. All courseware Service(s) will consist of those courses as listed for each Service on the online catalog available at http://catalog.healthstream.com as updated from time to time.

This Order is intended by both parties to run for the full term set forth for each Service in the Order Details table above, and the parties acknowledge they are aware of the current expiration date of the Agreement and the provisions for renewal and termination. In the event the Agreement is terminated or expires prior to the expiration of the full term set forth above for each Service, the term of each Service license shall also expire at that time and the Client will not recover any fees paid in advance for the Product(s) for any part of the term or quantity for that Product or those Products that go unused.

Learning Center – Express Edition Description

HealthStream Learning Center Express Edition ("HEX") shall mean access by Client to a subset of features available in HealthStream's web-based Learning Management System. HEX enables Client to deliver a variety of learning activities, create assignments, and generate configurable reports. Specific features of the HEX include:

- Software as a Service ("SaaS") delivery model where HealthStream provides hardware, hosting, and site maintenance.
- Library of regulatory courses designed to meet OSHA, Joint Commission, and CDC training requirements, along with an annotation tool that allows customization of site-specific information.
- Assignment engine that enables administrators to assign learning to various users.
- Assessment tool for creating tests and evaluations.
- Transcript functionality.
- Configurable and schedulable reports.
- Support Services provided via email and telephone between the hours of 7 am and 7 pm Central time Monday through Friday, excluding HealthStream published holidays.
- Upgrade Capabilities: At any time during the term of this agreement, the Client may elect to upgrade to the HLC – Enterprise Edition version for additional fees and receive additional capabilities, including:
  - Regular HR Imports and support for complex organizational hierarchies
  - Classroom management functionality: A comprehensive suite of class scheduling, registration, grading, and reporting tools, allowing for single- and multi session classes and recurring class scheduling, waitlisting, and roster management.
  - CE Credit Management Functionality
  - Customizable role management to create varying access levels for administrators.
  - Ability to import custom HR Fields for use in assignments and reporting
  - Job Functions
  - License and discipline import and management
  - Curriculums
  - Equivalents
  - Manage external learning activities
  - Other features and reports not available to HEX sites
