(2) Any law enforcement entity and employees of any law enforcement entity listed in paragraph (1) shall be immune from civil or criminal liability for good faith conduct under this subdivision.

(3) Nothing in this subdivision shall be construed to authorize campus police departments or, if the university, college, community college, or other institution has no police department, the police department or sheriff's department with jurisdiction over the campus, to make disclosures about registrants intended to reach persons beyond the campus community.

(4) (A) Before being provided any information by an agency pursuant to this subdivision, a member of the campus community who requests that information shall sign a statement, on a form provided by the Department of Justice, stating that he or she is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the campus community to protect themselves and their children from sex offenders, and that he or she understands it is unlawful to use information obtained pursuant to this subdivision to commit a crime against any registrant or to engage in illegal discrimination or

The "**Campus Sex Crimes Prevention Act**" (section 1601 of [Public Law 106-386](#)) is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. It was sponsored by U.S. Senator Jon Kyl of Arizona and supported by Security On Campus, Inc.

The Act amends the [Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act](#) to require sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, or is a student. Requires that state procedures ensure that this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate State records or data systems. These changes took effect October 28, 2002. These requirements are tied to state eligibility for certain types of federal grant funding and must be implemented through state law.
