

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

October 20, 2015

Agenda Item: 4.13

Subject: Approval of Memorandum of Understanding (MOU) – Career Pathway Trust Partnership Agreement with the Eden Area Regional Occupational Program (EAROP), Chabot College

Background: This Memorandum of Understanding (MOU) outlines the California Career Pathways Trust (CCPT) Round 2 grant objectives and activities specific to the CCPT partners. Chabot College is entering into an agreement with Eden Area Regional Occupational Program (EAROP) who is the lead agent for the grant. The agreement is part of a California Department of Education CCPT Round 2 grant that EAROP received on July 1, 2015.

The Eden Area Career Pathways Consortium application responded to regional economic priorities to build robust partnerships that better prepare students for the 21st century workplace and improve student transition into postsecondary education, training, and employment. The Eden Area application is a collaboration between K-12 school districts, Chabot College and industry on deep pathway design that will identify relevant technical skills, course sequences, early career advising and matriculation, assessment, enhanced student support, career readiness training, and development of a regional system for linking employers to the classroom and student experience through a continuum of work-based learning opportunities. The priority pathways include public service and law, advanced manufacturing/engineering, and information & computer technologies/digital arts. Consortium activities include developing pathways and implementing activities in the middle schools, a unique feature of the Eden Area application. Activities will build upon existing infrastructure, processes and systems established through the I-880/I-80 CCPT application that was funded last year.

Chabot College shall receive \$962,607 for the period of September 1, 2015 through June 30, 2019. Carryover of funds is allowed and Year 4 will be an unfunded year focused on collecting data and reporting progress and outcomes.

Recommended Action: That the Board of Trustees approves the proposed Memorandum of Understanding (MOU) for Career Pathway Trust Partnership Agreement with Eden Area Regional Occupational Program (EAROP), Chabot College in the amount of \$962,607 for the period September 1, 2015 through June 30, 2019. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the MOU on behalf of the District.
