

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

April 18, 2017

Agenda Item: 5.5

Subject: Approval of Change of Medical Director – Stanford Health Care ValleyCare, Las Positas College

Background: Stanford Health Care ValleyCare (known as “ValleyCare”) operates the health center at Las Positas College. The Board of Trustees most recently approved the annual health center contract on June 21, 2016. The California Department of Public Health (DPH) regulates and licenses medical entities including LPC’s health center, and requires documentation to be submitted when the Medical Director of record changes. ValleyCare is currently changing the Medical Director who oversees LPC’s health center, but the operation of the center will not change. This is merely a request for the owner’s signature on the documentation that ValleyCare must provide to Department of Public Health in order for the health center to retain its license.

Recommended Action: That the Board of Trustees approves the Change of Medical Director – Stanford Health Care ValleyCare, Las Positas College. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the required Laboratory Registration document on behalf of the District.
