## LIMITED WARRANTY OFFER (90 DAY)

In addition to any other rights you may have, Diversified shall extend a ninety (90) day limited defective equipment and workmanship warranty from the date of substantial or practical completion of the system installation or beneficial use of the system by the client whichever is first occurring, unless such period has been superseded by the purchase of a Diversified Service Agreement Package. Details describing our Service Agreement options are outlined in a separate document. Diversified's limited warranty shall cover defective equipment and defects in workmanship for installation work relating to but not limited to cabling, connectors, structural elements, mountings, equipment rack wiring and internal adjustments. Under the limited warranty, labor services will be provided at no charge. Defects in third party manufacturer equipment and/or installation or other services provided by the manufacturer are covered under the manufacturer's warranty and will be managed by Diversified during the limited warranty period. Product serial numbers must not be removed.

Diversified's limited warranty excludes coverage due to equipment or system abuse, neglect, alteration, lamps and bulbs, misuse including but not limited to: operating outside of environmental, user error, electrical, temperature or humidity specifications, system alterations neither approved nor performed by Diversified or repair by a service facility other than those authorized by the manufacturer. If within the limited warranty period, we are contacted with a support request that falls under this limited warranty exclusion, time, travel and equipment for this and any subsequent visit required will be billed at our current labor Time & Material rates.

All service support requests made after the expiration date of the limited warranty will be billed at our current labor Time & Material rates.

If a warranty in excess of 90 days is required by law in the country, state or local jurisdiction of system installation, Diversified shall extend the minimum warranty term required by applicable law. To the extent permitted by applicable law, any implied warranties, guarantees, terms or conditions, replacement components last only during the term of the limited warranty. Some local jurisdictions, states or countries may not allow limitations on how long an implied warranty, guarantee, term or condition lasts, so this limitation may not apply.

Diversified's limited warranty gives specific legal rights, and you may also have other rights which vary from state to state. You may also have other rights which vary from country to country.

If any provision of Diversified's limited warranty is legally invalid, the limited warranty shall endure except for the invalid provision. However, if a court determines that any provision is invalid, the court may limit the provision, delete specific words or phrases, or replace the invalid provision with one that is valid and that comes closest to expressing the intent of the invalid provision.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, DIVERSIFED SHALL NOT BE HELD LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING FROM A BREACH OF WARRANTY, SPECIFICALLY, DIVERSIFIED IS NOT RESPONSIBLE FOR ANY COSTS SUCH AS LOSS OF PROFITS OR REVENUE, LOSS OF DATA, BUSINESS DAMAGE OR OTHERWISE. SOME LOCAL JURISDICTIONS, STATES OR COUNTRIES MAY NOT ALLOW A LIMITATION ON SUCH DAMAGES, SO THIS LIMITATION MAY NOT APPLY.

## WARRANTY SERVICE PROCESS

All new equipment provided by Diversified includes each manufacturer's full warranty from the date of client invoice. Diversified shall address all manufacturer warranty requirements as "Depot" (Return-to-Base / RTB) service only. Under Depot service, client ships equipment to an authorized factory warranty repair center. Diversified will act as liaison between client and manufacturer and assist with Return Materials Authorization (RMA) logistics support. Labor relating to defective equipment is covered under the ninety (90) day limited warranty and can be extended through the execution of a service level agreement. All other time, travel and equipment for this and any subsequent visit required will be billed at our current labor Time & Material rates.

Diversified shall respond to warranty support requests (via phone, email or on-site) during the normal working hours of 8AM - 5PM local (client site) time Monday - Friday, except recognized holidays. Service required outside of normal working hours shall be billed at current labor Time & Material rates for overtime work. Diversified will make every effort to address such issues within 72 hours after notification.

Upon arrival for warranty support, Diversified will expect access to the system and equipment. To avoid additional charges, please contact us 24 hours in advance if delays in access are to be expected. If our Technician arrives to a scheduled appointment and cannot gain access to the system or equipment to affect a proper diagnosis or repair, we will bill the service call for time, travel and equipment for this and any subsequent visit required at our current Time & Material rates.

If it is required that equipment be removed for repair, we will make every attempt to minimize the impact on the system operation while the unit is being repaired. However, it is not possible to guarantee any level of system operation. Loaner equipment is not included in our limited warranty or service agreements.

## SERVICE LEVEL AGREEMENT OPTIONS

As an alternative to our limited warranty and Time & Material Service, Diversified offers several types of Service Agreement Packages. Service Agreement options are outlined in a separate document and provided for your review.
