

CHABOT-LAS POSITAS COMMUNITY COLLEGE DISTRICT

June 21, 2022

Agenda Item: 7.4

Subject: Approval of Grant Agreement G0233 – California Community Colleges Board of Governors, District- Economic Development

Background: In an effort to expand the number of apprentices in California, state funding has been provided to encourage and support the creation of apprenticeship programs in industries outside the traditional construction trades. One funding stream is the California Apprenticeship Initiative (CAI): New and Innovative Grant - Apprenticeship program. Chabot-Las Positas Community College District’s Department of Economic Development and Contract Education (EDCE) applied to this grant fund for four different programs.

The first CLPCCD CAI grant to be approved is the Boatworks 101 Marine Technologist Apprenticeship Program, which is a Las Positas College program, with EDCE serving in an administrative capacity. CLPCCD’s Board of Trustees approved the agreement with Spaulding Marine Center, the Boatworks 101 Program Sponsor, on July 20, 2021. This CAI grant will underwrite the cost of expanding the program beyond its initial cohort for an additional 25 apprentices over the next two years. The Boatworks 101 program actively recruits and trains under-served career seekers for highly sought-after marine service technician jobs.

The Grant Agreement is in the amount of \$479,793, and has the term of April 1, 2022 to June 30, 2025.

Recommended Action: That the Board of Trustees approves the proposed Grant Agreement G0233 – California Community Colleges Board of Governors, District- Economic Development, in the amount of \$479,793, for the period April 1, 2022 through June 30, 2025. It is further recommended that the Board authorizes the Vice Chancellor of Business Services to execute this agreement on behalf of the district.
