**BP 5210 COMMUNICABLE DISEASE PROTOCOLS FOR STUDENTS**

**Reference:**

Education Code Section 76403

The Chabot-Las Positas Community College District is committed to providing a safe and healthy learning and working environment. The district fully cooperates with county and state health officers in measures deemed necessary for the prevention and control of communicable diseases in students.

The novel coronavirus and the disease it causes, COVID-19, has resulted in widespread severe illness and death worldwide, in the United States, and in California.

In furtherance of this commitment to a safe environment, the district shall also establish administrative procedures regarding COVID-19 vaccination to mitigate the risks surrounding exposure to COVID-19. These administrative procedures may require that all students attending classes, programs, utilizing services or participating in any activity on any campus or otherwise in-person be fully vaccinated against COVID-19, unless approved as exempt due to the verified medical or religious reason (as defined in federal or state laws and regulations). Students who qualify as exempt may be subject to other safety measures in accordance with applicable federal, state, or county regulations. Further, the district may require vaccine boosters or supplemental administrations of vaccines, as circumstances warrant.

The Chancellor shall establish administrative procedures to implement this policy.
