**Campus Security and Student Success**

social services workers, crisis counselors, community non-profits, and other related service providers in responding to the public safety needs of the campus.

The district will establish a public safety advisory committee to make recommendations to the district governing board related to district policies governing campus public safety services. The district will engage in active efforts to recruit advisory committee members from historically underserved communities.

### **Public Safety Data**

The Chancellor or designee will develop procedures to ensure the district will record public safety data metrics, including key performance indicators, track data related to traffic stops and other officer-initiated contacts, and conduct stakeholder climate surveys focused on campus public safety services.
