

DegreeWorks Report, 9/11/2020

Submitted by Noell Adams, Degree Audit Student Education Planning System Coordinator

- **DegreeWorks System Upgrade:** ITS is currently working with Strata Information Group (SIG) to upgrade DegreeWorks to the latest version. The upgrade is expected to be completed by November 7. Training for Chabot counselors is currently scheduled for October 21.
- **Advanced Reporting from DegreeWorks SCFF Project Update:** Six sample Argos reports have been delivered by SIG. Over this next month, I will be working with ITS to test and validate these reports. We are expecting to “go live” with advanced reporting from DegreeWorks in early Spring 2021.
