He reported that Mr. Michael Kapetanich will be incoming President, and noted that at the next Board Meeting an Annual Report will be distributed. He expressed appreciation to the Board for the opportunity to participate at Board Meetings.

**ADOPTION OF RESOLUTION NO. 11-1415 – AUTHORIZATION TO APPLY TO THE ALAMEDA COUNTY SUPERINTENDENT OF SCHOOLS AND THE CALIFORNIA COMMUNITY COLLEGES' CHANCELLOR'S OFFICE FOR FISCAL INDEPENDENCE (Agenda Item 5.6)**

Mr. Lorenzo Legaspi explained that this resolution and Fiscal Independence allows the District to run its own checks, thereby eliminating the middle man, Alameda County Office of Education. He explained that the District will still work with the Office of Education. He reported that this process will bring efficiency into our process and there is no cost to the District. He reported that many other community college districts are fiscally independent. He reported that as part of this process, the District will bring in an internal auditor to review our internal controls and processes who must certify this request. He reported that the District has had a stable leadership and has also had good audits over the past several years. He noted that he believes the Board of Governors will approve this request.

Trustee Mr. Vecchiarelli questioned who currently cuts the District's checks, to which Mr. Legaspi explained that the District prints its checks and then takes them to the Alameda County Superintendent of Schools Office in Hayward for signature. Mr. Legaspi reported that with the proposed process, the District will have two in-house signatories.

Trustee Mr. Vecchiarelli also questioned our apportionment, to which Mr. Legaspi reported that the County Treasurer's Office receives our apportionment. This process does not change; and the District will continue to work with the County Treasurer's Office as our main bank. He noted that the County Treasurer's Office Auditor/Controller will need to recommend approval of this request.

Trustee Mr. Gelles questioned if there is a difference in our audit trail with checks and balances. Mr. Legaspi reported that the County Superintendent of Schools Office never did that previously; as it is done by the District's yearly external audit. He noted that with Fiscal Independence, our external audit may become more rigorous.

In response to an inquiry from Trustee Mr. Gelles, Chancellor Jackson reported that she recommends approval of this resolution.

#### Motion No. 2

Trustee Dr. Cedillo made a motion, seconded by Trustee Mr. Vecchiarelli, to adopt Resolution No. 11-1415 – Authorizing the District to Apply to the Alameda County Superintendent of Schools and the California Community Colleges' Chancellor's Office for Fiscal Independence. It is further recommended that the Board authorize the Vice Chancellor, Business Services, to execute the documents on behalf of the District.

Motion carried by the following roll-call vote:

AYES:	Cedillo, Dvorsky, Gelles, Gin, Macedo, Vecchiarelli
NOES:	None
ABSTENTIONS:	None
ABSENT:	Mitzman

#### **ADOPTION OF RESOLUTION NO. 12-1415 – AUTHORIZATION TO USE THE LEASE/LEASEBACK CONTRACTING METHOD FOR PHASE 2 RENOVATION OF BUILDING 700, LAS POSITAS COLLEGE, IN ACCORDANCE WITH EDUCATION CODE SECTION 17406 AND 81335 (Agenda Item 6.4)**

Mr. Lorenzo Legaspi explained that the District has previously used the Lease/Leaseback Contracting Method. He explained that in essence, the District contracts with a contractor. The contract price is agreed upon up front, which helps contain the cost. He further

explained that the District leases the project for a minimal amount (i.e. \$1) and the contractor leases it back with improvements. The District pays lease payments, usually in the amount of 10% of the amount of the project completion. He explained that this method would allow the District to have a Request for Proposal (RFP) process that would include the price, but also allows the District to take into account the capability of the contractor in building the project. Lease/Leaseback also allows flexibility in the timing of the project, i.e. accelerating project schedules beyond what a Bid/Build Model would allow.

In response to a question raised by Trustee Mr. Vecchiarelli, Mr. Legaspi reported that the contractor may secure the monies through a bank loan.

Chancellor Jackson explained that at this time staff is asking for permission to use the process only; and once the various contractors' contracts are reviewed and rated on qualifications and price, a contract will be brought to the Board for approval.

#### Motion No. 3

Trustee Dr. Gin made a motion, seconded by Trustee Mrs. Dvorsky, to adopt Resolution No. 12-1415 – Authorizing Use of the Lease/Leaseback Contracting Method for the Phase 2 Renovation of Building 700, Las Positas College, in accordance with Education Code Section 17406 and 81335.

AYES:	Cedillo, Dvorsky, Gelles, Gin, Macedo, Vecchiarelli
NOES:	None
ABSTENTIONS:	None
ABSENT:	Mitzman

#### **INFORMATIONAL PERSONNEL REPORT (Agenda Item 8.1)**

The Board accepted without discussion the Informational Personnel Report.

#### **RESPONSES TO AUDIT FINDINGS – 2013-14 (Agenda Item 8.2)**

In response to a question raised by Trustee Mr. Vecchiarelli, Chancellor Jackson reported that the District continues to use the “best practices” templates provided through the Community College League of California (CCLC) Policy and Procedure Service. She reported that the Board approved a contract and contract amendment for this consulting service. She reported that she believes the contract amount was approximately \$35,000. She noted that she would provide this information for Trustee Vecchiarelli.

Chancellor Jackson reported that the Policies/Procedures go through the Shared Governance process and then come to the Board as a first reading and for approval at the following Board Meeting.

The Board accepted the above Board Policies and Administrative Procedures. These Policies/Procedures will be submitted for approval at the next Meeting of the Board of Trustees.

Trustee Gelles questioned if the Policy for Facility Use Rental has come before the Board as yet. Chancellor Jackson reported that this Policy is still going through the Shared Governance Process. She reported that President Russell will soon be meeting with some of the individuals that spoke tonight before it comes to the Board.

#### College Institutional Effectiveness Indicator Rates and Goals

Additionally, she expressed appreciation to Presidents Sperling and Russell for all their hard work this past academic year, including the Accreditation Self-Studies. She also acknowledged Dr. Carolyn Arnold and Mr. Rajinder Samra for their hard work with the Institutional Effectiveness Report.

Dr. Jackson turned it over to Mr. Legaspi to report on several items as follows:

District Institutional Effectiveness Indicator Rates and Goals

Mr. Legaspi reported the Fiscal Viability – Fund Balance is the ending unrestricted general fund balance as a percentage of total expenditures (minimum of 5.0%). It is intended to measure the ability to maintain solvency and adjust to unforeseen situations. The District’s short- and long-term goals are to maintain the fund balance at 8.0% of total expenditures.

Mr. Legaspi reported the Programmatic Compliance with State and Federal Guidelines – Audit Findings is required. The Audit findings report any internal control issues in

financial statements and compliance with state and federal program guidelines. The District's short- and long- term goals are to receive an unmodified auditor's report (a good auditor's report). An unmodified opinion is an auditor's opinion that financial statements are presented in accordance with applicable financial reporting requirements.

#### Summary of the Governor's May Revise – 2015-16 Budget

Mr. Legaspi reported that on May 14, 2015 Governor Brown released the May Revision to his proposed State budget for 2015-16. He reported that since the January Budget, the state's economy has strengthened and revenues have increased. He reported that between this year and the Budget year, Proposition 98 (basis of our funding) has increased approximately \$6 billion; and the Community College share of that is approximately 10.94% or approximately \$660 million system-wide. He reviewed and provided a handout of the major components of the May Revision as it relates to the California Community Colleges and the Chabot-Las Positas Community College District, as follows:

- Access – From 2% to 3% Growth;
  - District Growth at 1%
- COLA – 1%;
- Base Allocation Funding (Ongoing increase);
- Student Success and Support Program/Student Equity;
  - \$200 million augmented by \$15 million each;
- Prior Year Mandated Cost;
  - One-time \$626 million System-wide
- Deferred Maintenance and Instructional Equipment;
  - \$2 million (same as previous year)
- Basic Skills and Student Outcomes Transformation Program;
- Student Fees;
  - \$46 per unit (same as previous year)
- Awards for Innovation in Higher Education Program;
- Disabled Student Programs;
- Basic Skills Partnership Pilot Program;
- Proposition 39 – Energy Efficiency Program Grants;
- Adult Education;
- Career Technical Education;
- Increased Full-time Faculty Hiring;
  - \$75 million System-wide
- CalSTRS and CalPERS;
- Proposition 2 and Proposition 98 Reserves;
- Institutional Effectiveness Partnership Initiative;

- K-14 Apportionment Deferrals
    - Eliminated with sufficient funding in previous 4-5 years.
- 

Mr. Legaspi reported that the District is prepared for the next down-turn, which will happen, and it must be prepared for the future. He reported that the information from the Governor's May Revision will be utilized in developing the Chabot-Las Positas Community College District Tentative and Adoption Budgets for 2015-16 Fiscal Year.

#### Board Questions and Comments

Trustee Mr. Vecchiarelli questioned the possibility of using some of the fund balance to offer additional classes, which would bring in more revenue.

Dr. Celia Esposito-Noy reported that the cost of the revenue is \$4,636 per FTES. She noted that the District is always aiming at 525 FTEF rate as the most productive way to offer a course. She suggested that it becomes challenging if a course is offered not at a 100% fill-rate; making it difficult to justify putting forward more classes when existing classes that are scheduled and have faculty assignments are not yet filled.

Student Trustee Taylor raised the challenge of finding qualified instructors in order to offer additional classes.

Trustee Mr. Gelles suggested that this issue be brought back to the Board for a full discussion of at a future Board Meeting in the next three months.

Chancellor Jackson reported that on June 8, the District will hold a District-wide Enrollment Summit Meeting. She reported that the 8% fund balance came from a Shared Governance Body predominately consisting of Faculty Members and Classified Professionals. She reiterated Mr. Legaspi's comment that there will be a down-turn at some point and the need to have something in "savings" to hopefully avoid layoffs.

In regards to the 2015-16 Budget, Trustee Mr. Macedo questioned the fact that the State owes us money, pointing out that some of the \$660 million is for restoration. He questioned how long at this rate it would take to get back to where we were. In response, Mr. Legaspi reported that it is a backlog of mandated costs; claims we have been submitting for approximately 10 years. Mr. Legaspi reported that we would not see the full "pay-back" in our lifetime – the amount is billions of dollars. Mr. Legaspi reported that the State is dealing with this by giving each District the same amount per FTES for payment of mandated costs. He noted that constitutionally the State owes us that money; it would be difficult for the legislature to say that they are not going to fund mandated costs reimbursements.

### Growth Funding Allocation Model

Mr. Legaspi reported that the trailer bill (SB 860) directed the Chancellor's Office to develop, and the Board of Governors to adopt, a revised growth formula commencing in fiscal year 2015-16. The revised apportionment growth formula shall support the primary mission of the Community College system and be based on each community's need for access, as determined by local demographics. SB 860 specified five primary factors that must be included in the formula as follows:

- Educational Attainment;
  - Measure: Percent of individuals 25 years of age or older that do not have a Bachelor's Degree;
- Unemployment,
  - Measure: Percent of individuals 16 years of age or older who are unemployed living within the District's legal boundary;
- Pell;
  - Measure: Annual percentage of students receiving a Pell Grant;
- Participation Rate;
  - Measure: Ratio expressed as a rate of enrolled students per 1,000 comparable individuals within a District's legal boundary;
- Unfunded FTES;
  - Measure: For Districts that have at least 1% unfunded FTES in each of the three previous years; this measure calculates the three year average.

Mr. Legaspi reported that under the Governor's January proposal of 2% growth system-wide, the result is district growth opportunity levels ranging from a minimum of 1% to as much as 5.24%. He reported that Chabot-Las Positas Community College District would have a growth opportunity of 1.35%. He further reported that more factors will be released in the next few days; and he will have more information to report at the June Board Meeting.

Chancellor Jackson reported that the Factors will have an enormous impact to the District's Growth and the types of students served; making it more complicated as budgets have already been developed for Fiscal Year 2015-16.

### **GOOD OF THE ORDER**

Chancellor Jackson expressed appreciation to Dr. Stacy Thompson and Dr. Matt Kritscher for all their hard work.

**TRUSTEE REPORTS AND/OR OFFICIAL COMMUNICATIONS**

Student Trustee Ms. Nancy Kang reported on the Prep-to-Pass event, a two-day event which helps students prepare for finals.

She reported that Associated Students is seeking volunteers to work on a campaign to increase enrollment for Summer Session. She reported that an additional club on campus has been added - the Chabot Chapter of Global Medical/Dental Brigades; a group of Medical and Dental students that will be traveling to Honduras in August, delivering essential basic health care to the rural residents. It is hoped that in the future, this club can expand to other areas such as law, economics and engineering.

Trustee Mr. Vecchiarelli expressed his hopes that the Las Positas College proposed Facility Rental Fee Schedule can be worked out to everyone's satisfaction. He expressed the importance of the Swimming Program to Las Positas College as well as the community.

Trustee Mr. Macedo expressed his dismay over the Primary Factors, which must be included in the Growth Funding Allocation Model, noting that it is basically the State "directing us what to do and who to teach." He expressed that he thoroughly enjoyed the May 5 Board Study Meeting where Students and Programs were recognized. He noted that he was especially impressed with the Las Positas College Forensics Team, noting that year after year our students are winning awards. He also recognized the contributions of Faculty Advisor, Mr. Randy Taylor.
