

SCFF Seeded Project Reporting

Status Report Deadline May 8, 2020

1. Has your project started? Yes/no *

Yes

No

1a. Your Name *

Matt Kritscher

1b. Name of Project *

Residency Determination

1c. Please address any adjustments in timeline and how the pandemic is affecting your timeline (fill in the blank, short answer requested). *

We were not able to begin on this project due to the Shelter in Place coupled with not being successful in recruiting staff to work overtime as planned and advised.

2. Given the pandemic may have changed your planned goals and objectives, please confirm/update your project goals and objectives. *

We are thinking of re-initiating the offer of overtime after graduation in June. We are open to advice from ESSS committee. We would like to request if the funds can be used for hourly as well as overtime.

3. What goals/objectives do you anticipate completing in Spring 2020? Include any plans for Summer 2020. *

We do not expect to complete our goals for Spring 2020, but hope to resume this work in June for Summer 2020. Some flexibility in hiring hourly would assist if no A&R staff wish to work overtime.

4. What goals/objectives will you take on in Fall 2020? *

The main goal is to award more AB540 designations through the residency determination process where we have a five month back-log of petitions. We hope to decrease this backlog by at least 2-3 months and increase the AB540 designations by about 20% year over year in 20-21.

5. What data metrics will you use to measure project success and outcomes? (for example, address FTES, certificates, degrees, etc. according to your initial proposal).

*

AB 540 designations and reduced response time in residency determination petition responses.

6. Please remark on impact the COVID-19 crisis made to your budget and expenditure expectations. *

The overwhelming nature of transitioning to remote online services structures has made it difficult to recruit A&R staff to work overtime on this project. We hope that with the work from home transitions settling in, that we will be able to obtain staff support for this work.

6a. Please report on what you have spent to date. *

\$0.

6b. Please report on what you expect to carryover July 1. *

\$5000.

7. Is there anything you would like support on? Feel free to make suggestions that would help with better workflow or outcomes. *

Yes. perhaps we are not aware of other possible solutions to this intractable issue of not having enough staff to respond to petitions for reclassification of residency and are open to suggestions.
