

DATE: September 18, 2020

TO: Chabot-Las Positas Community College District

FROM: Chancellor Ronald Gerhard, CLPCCD
President Susan Sperling, Chabot College
President Dyrell Foster, Las Positas College

SUBJECT: COVID-19 Update

Thank you again for your continued great work. Please see our updates below.

Please see this week's updates below (as of September 18, 2020):

Budget Update Discussions: No doubt, COVID-19 has impacted our lives in every possible and meaningful way. We are learning more by the day how this pandemic has and continues to impact and reshape our economy. This in turn will impact our district and funding we receive from the state. To help inform, discuss and solicit feedback, we continue to hold meetings and forums with all constituencies to discuss the economic and fiscal challenges we see on the horizon. I encourage you to make every effort to attend and engage in one of these opportunities.

Local Air Quality Management: The District has [established practices](#) based upon air quality and wildfire smoke. Please be aware of the air quality in the area and have staff and instructors take appropriate actions when we reach high temperatures and poor air quality. The air quality is slowly improving, and we will continue to monitor it and advise accordingly.

As always, please continue to visit the [district urgent alerts webpage](#) for up to date information, and contact your Presidents' Office or administrator for additional questions and/or guidance.
